## Flooding impact in 4Q11

CPALL has been impacted by flooding since October 2011 in some provinces, Bangkok and its vicinity. Implementation of contingency plans include increasing product delivery through regional distribution centers, securing more and larger-sized truck fleets to ease logistics, purchasing more products from various suppliers, and setting up temporary distribution sites. Insurance coverage to the distribution centers, stores, and plants of subsidiaries are available to reduce the loss incurred. The flooding impact will be included in 4Q2011 performance. Although we strive to cope with such event, our key business operations plan will remain unchanged.

7-Eleven stores in flooded areas are still open for local communities.

Drinking water and other necessities are donated to help flooded victims.
